Teamwork Skills: Being an Effective Group Member

For small groups to function effectively in a course context, students must attend to both the climate within their group and the process by which they accomplish their tasks. Critical to a healthy climate and an effective process are strong communication skills. Below you will find the basic characteristics of effective communicators, plus tips to help students with group climate and process. Although students can gain many of the skills described below through informal social interactions, they still benefit from having them made explicit. To hone their skills they also need opportunities to practice as well as to receive regular feedback on how they're doing. Share the information below with your students, use it to set activities for them, and work to incorporate three components of feedback into your plan: instructor comments (oral and/or written), reflective group discussions and/or peer assessment, and self-reflection (see the reflection prompts in Appendix A for ideas).

Las Habilidades del trabajo en equipo: Ser a un Miembro Efectivo del Grupo

Para pequeños grupos para funcionar efectivamente en un contexto de curso, los estudiantes deben ocuparse de ambos el clima dentro de su grupo y el proceso por que logran sus tareas. Crítico a un clima sano y un proceso efectivo son aptitud fuerte para comunicarse. Abajo de usted encontrará las características básicas de comunicadores efectivos, más puntas para ayudar a estudiantes con el clima del grupo y el proceso.

Aunque estudiantes puedan ganar muchas de las habilidades descritas abajo por interacciones sociales informales, ellos todavía benefician de los tener hicieron explícito. Para afilar sus habilidades ellos también necesitan oportunidades de practicar así como recibir reacción regular en cómo hacen. Comparta la información abajo con sus estudiantes, utilícelo poner actividades para ellos, y el trabajo a integrar tres componentes de reacción en su plan: comentarios de instructor (oral y/o escrito), debates en grupo reflectores y/o mira evaluación, y la auto-reflejo (vea los avisos de reflejo en el Apéndice A para ideas).
